WORK EXPERIENCE

Web Developer at Digital Star

Jan. 2022 - Present

In this company, I've been working in developing Front-end and Back-end for website for several clients, using:

- HTML/CSS
- SASS
- PHP

Technical Support Agent at CGS Romania

July 2019 - March 2021

In this company, I was assisting Sprint U.S. customers with technical related issues such as lack of data. After 6 months, I was promoted to **Technical Support Escalations Agent**. On this related role, I was assisting my colleagues with clients by providing necessary information to solve the issue as perfect as possible.

Personal skill development

Mar. 2021 - Present

Since I started learning Web Development, I've been constantly learning new technologies, developing small projects to further develop and perfect my technical skills. Some of those skills are:

- TypeScript
- Back-End development with NodeJS and ExpressJS
- Databases with PostgreSQL and MongoDB
- Project optimization with Webpack

Quality Assurance Agent at Ubisoft

Mar. 2018 - July 2018

At this company, I was testing various builds for Ubisoft's in-development games and patches for already launched games and reporting found bugs and issues back to the development team.
